

Current Mimicry States for Interview Simulation

1 States

1.1 S0: Ready Check

Determine whether the participant is ready to begin the questioning.

1.2 S1: Ask Question

Output a question to the suspect.

1.3 S2: Record Speech and Store in Array

Capture the suspect’s answer and store it.

1.4 S3: Ask Another Question

Ask a similar question.

1.5 S4: Store New Response

Store the new answer.

1.6 S5: Calculate Similarity

Calculate how similar the answers are and increase the score if they are consistent.

1.7 S6: Environmental Response

If the score is high, keep the lighting ambient and relaxed. Otherwise, make it harsh and abrasive and ask a follow-up question.

1.8 S7: Free Insult

To break up the gameplay, if the player scores highly enough they are given a chance to insult for bonus points.

1.9 S8: Win or Lose

Based on the final score, the player is found innocent or guilty.
